Wild Boys

Wild Boys

Now that Lukas, Torben and Christoph have started college... Look out! Nothing is ever going to be the same - for themselves, the school, and especially for all of those gorgeous female students running around campus. Having left their homes and parents behind, these three have scored their own place and finally found freedom, and they're going to make the most of it!

Bursting out into college life means something different for each. Lukas just wants to chase girls, party and have fun. Torben, being a bit more sensitive and emotional, dreams of sweet and fulfilling romance, while Christoph, the serious intellectual, actually wants to learn something! Between lectures, dorm parties, the campus and the cafeteria,

these three guys find everything they're looking for - and more!

They are having the time of their lives, and even when that means getting out of comically ridiculous situations, defending themselves against jealous fellow students or revenge-minded ex-girlfriends, they still know they can count on each other.

They are loud, fun and crazy. They are full of life, imagination and grand dreams. They are the "Wild Boys".
