Lisa's Angels

Lisa's Angels

Lisa is 33 years old, lovable, shy and dreamy, beautiful and widowed. She had found and married the love of her life, only to lose him in a tragic accident just shortly after their dream wedding. Shattered by the blow, her world collapsed.

Although 4 years have passed, Lisa, who works as a medical assistant, still plans out every minute of every day to give sense to her life. But with the sudden appearance of the attractive Dr. Luka Schneider, who takes over the practice, Lisa's sanity-saving routine is completely disrupted: she makes 1 mistake after another. Dr. Schneider threatens to replace her if she does not pull herself together. Driven by desperation and overcome by the feeling that she has nothing left to live for, Lisa wants to kill herself. At the very last moment, 3 angels appear and save her from death.

The angels now become constant companions in her life. However, these are no ordinary angels. They are argumentative, quick-tempered and manage to drive Lisa crazy. But perhaps there is a method to their madness - although she might not agree, maybe the angels know exactly how to bring happiness back into Lisa's life...
