Love for Beginners

Love for Beginners

On a vacation, the 17 year old Joe has a brief, erotic encounter with a considerably older woman. Short as it may have been, he can't get her out of his mind, so he again seeks her out. She and Joe couldn't be more different: Rosemarie is a simple mailwoman, whose path in life is set.

For Joe, on the other hand, his tremendously gifted intellect points to a bright and successful future. This first sexual awakening develops into a full-blown affair, albeit an unconventional... and secret love.

But conditions for the relationship are hardly ideal, so the bond between the two remains highly fragile. In addition to their huge age difference, Rosemarie is already committed to her good friend Peter.

In Rosemarie's arms Joe rapidly develops into a man, and she knows that he will soon outgrow her...
