Nanny Search

Nanny Search

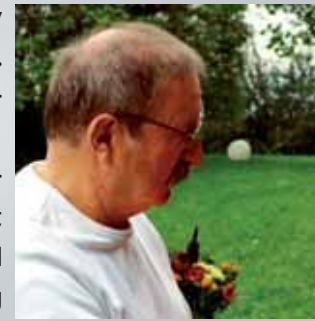

11 year-old Leon is looking for a nanny, but he wants to find one that's a bit sexy - for his dad Henry. Scouring the internet, he and his buddy find a listing: "Affectionate governess fulfills your every desire". Their imaginations dripping with thoughts of chocolate cake and computer games the whole day, they book her on the spot with the help of his dad Henry's credit card. In just a few hours, the prostitute Jacky is standing at their door. She quickly realizes the mistake, but the idea of being a nanny to this kid wouldn't be bad at all. It's just that her ruthless pimps wouldn't particularly go for the idea... Jacky takes the nanny job. Then suddenly the situation changes.

Jacky's parents, for whom she had years ago concocted a sweet story of a husband and child, are

now coming to visit. They're excited about finally getting to meet their son-in-law and grandchild. Not wanting to disappoint her parents, she presents Leon and Henry as her family.

Of course, her parent's visit is longer than expected, and playing the family game starts to get tricky. On a weekend trip together, Jacky and Henry find they no longer have to play at being close. The affectionate holiday is blown apart when her furious pimp shows up. Jacky takes off, leaving Henry disappointed at discovering her real occupation. Jacky, though, has had a taste of a better life and she hatches a plot to escape her past life... and her pimp. Finally free, Jacky's happiness now depends on finding the only other two men in her life...
