S1NGLE

Based on the well-known comic strip, "S1NGLE" is all about Stella, Fatima and Nienke: 3 girlfriends with completely different characters, who work together in the same hospital unit.

Stella is the tough one: she is actually a guy in the body of a beautiful woman. She loves to go out and has a healthy view of sex - the human body is something to enjoy.

Nienke is the leader of the pack, a fierce lady with an impressive appearance. During Nienke's terrifying monthly period, the people surrounding her scramble to get out of her way.

Fatima is the blond, dreamy type who is fantasising of being rescued by her very own Prince Charming.

Sitting in her huge, overstuffed chair she wonders about that one great love - he has to be out there somewhere. She has a hard time accepting her new single status and the fact that her last boyfriend was far from the dream man she had hoped for.

Aside from their job, there are 2 other things that they have in common: firstly, they are all single. Or as they prefer to call it: unattached. In their favorite café they have endless discussions about men, relationships and life in general. Still, the girls do not have any problem talking about their own failures and shortcomings as well. And secondly, they share a wonderful friendship, which is enhanced by a warm sense of humor and a powerful belief that for them all, the future is full of promise...
