## Wolff's Turf: Grand Finale

In this thrilling series finale, a lot more than Wolff's life is at stake...

For more than 10 years, Wolff has seen the good and the bad sides of his turf. Although charming and compassionate, he and his partner have still been relentless in the fight to rid his city of crime. But Wolff's last case is shaping up to be his most difficult one: when the criminal Seeberg is sprung from prison by two masked men in a daring attack, Wolff as well as his family are all in the line of fire: his daughter Verena, who is expecting her second child, her husband - and Wolff's partner - Tom, and Wolff's grandson Luis... Seeberg was involved in a violent robbery three years ago that landed him and another of the crooks in prison, while two of his accomplices escaped. Now, these two unscrupulous criminals have come out of hiding and are dead-set on recovering the loot from the robbery: original plates for printing genuine Euro bills. Soon, Seeberg turns up

dead, but not before having set the gangsters on the trail of the plates... a trail that leads straight to Wolff's colleague and son-in-law Tom! Three years ago Tom had given shelter to the 4th criminal in the gang, who was eventually caught and thrown in jail. He died in prison, but not before hiding the loot. His surviving accomplices are convinced that Tom knows the whereabouts of the priceless printing plates and are willing to go to any extremes to get them back. Right in front of Verena and Tom, they kidnap little Luis and give Tom 24 hours to recover the plates, or else... The stark reality of the situation comes crashing down on Tom, Verena and Wolff... a situation that spins further and further out of control. Wolff has no choice but act, and quickly, to rescue his grandson. It is on the rooftops of Wolff's turf that he faces the deadliest struggle of his career in a breathtaking no-holds-barred showdown to save his family...
