## Mister Perfect

Is there really a Mister Perfect?

A male-free studio audience of 400 women join up with a jury of 3 celebrity females to search for the one and only man who deserves the title "Mister Perfect".

In each one-hour show, 6 male contestants have to prove in front of the jury and the studio audience that they are indeed God's gift to women. The men are not arrogant 25 year-old supermodels, but real, regular characters. There might be a family man with 5 kids standing right alongside the nerdy student. It is all about having the right mix: humor, spontaneity, sharp wits and a clever mind.

The men are first introduced by a short clip and then have to face 4 challenges: "The Guys Test", "The Clever Test", "The Everyday Test" and the "Mister Perfect Test". In "The Guys Test" they have to show that they have "the right stuff" when it comes to things like singing in the shower or answering questions while clinging to a fire fighter's pole. Afterwards, the audience and the jury decide with the push of

a button which 2 candidates will be eliminated. For these 2 an ice-cold shower in the "Aquator" awaits!

The remaining 4 candidates now deal with "The Clever Test": Do they smartly choose the right dance partner? Do they make a clever decision when styling their woman of dreams? One of the guys is now in for the big chill - an ice-cold shower...

In "The Everyday Test", the contestants have been taped with a hidden camera earlier in the day performing everyday tasks: how well do they do checking into a hotel, or dealing with a pushy dance instructor? Do they keep calm and cool? For one, it is time to go home.

The 2 finalists now have to pass "The Mister Perfect Test": "A man is a man when...", "Two grapefruits remind you of..." or "My most charming weakness is..." - in turns, they finish the sentences thrown at them by the 3 jury members.

There is only 1 Mister Perfect per show! But to win the favor of the picky audience, he has to be more than good - he has to be perfect!
